

## COMMUNITY BASICS

The vast majority of properties in the Naples area fall under a Homeowners Association (for single family homes), a Condominium Association (for condos) or both. These associations are legal entities controlled by owners that govern the properties in accordance with the condominium documents, by-laws and established policies. Each association sets its own rules and many associations have restrictions on renting, number or size of pets, types of vehicles allowed, outside building appearance and much more.

The following is a summary of the Rules and Regulations that have been adopted by the Board of Directors of Piper's Pointe in accordance with the covenants and by-laws to not only protect the integrity and harmony of the community, but also to promote the safety and welfare of residents and to maintain an acceptable quality of life.
